

# The Shadow Knows

Who knows what evil lurks in the hearts of men? The Shadow knows!

## **Ninth Edition August 2023**

**This starts out scary but the answers are given, so no worries.**

### **NEW THREATS AGAINST THE UN-VAXED**

In the 8<sup>th</sup> edition of The Shadow Knows we reported that wild animals were dying of symptoms that are the same that the vaccine causes. Since these animals had no contact with humans and it was suspected they were contaminated by the air. Dr. Mihalcea now confirms these suspicions.

Doctor Ana Mihalcea reports in a presentation titled, “Evidence of Crimes against Humanity: Darkfield Live Blood Analysis” that “the unvaxxed now have the same risks as the vaxxed”. (***Shadow:** Yes, but lower, not the same.*)

She believes that the rubbery clots found by morticians are caused by the hydrogel in the vax and that we are ingesting nanotechnology in our food and water and inhaling it in the air.

She also claimed that adding insulin and dental anesthetic (Novocain) to live blood causes self-assembly of nanochips.

She claims that more than 26 teams have investigated the vials of blood and have found RNA sequences from the Vax but that they were incomplete.

It was also found that 4Hz frequencies cause vaxxed blood to substantially differentiate. There are no natural frequencies below the Schumann Resonance of 7.8Hz therefor 4Hz is an artificial, man-made frequency.

**Dane Wiginton stated that “We’re inhaling it. We’re being sprayed with it. We’re inhaling 20 million nanoparticles per breath. It’s being shed, it’s in the meat supply. It’s in everything. It’s in medication. So, this is what this assault is about”.**

Ed Dowd, a former analyst for BlackRock, stated on “*Man in America*” that death and disability rates in the USA are accelerating. There were about 850,000 newly disabled added to Social Security Disability in June 2023. The same is happening in other countries. In the UK, he found that hematological (blood related) illnesses increased by 522% in 2022 over the existing trend. This is 61 standard deviations increase which has the potential to end humanity as we know it. *He implied this was caused by the vaccine.*

### **GOOD NEWS**

The rates already published in prior editions of The Shadow Knows have proven very effective. Large numbers of people have been discharged from hospitals, completely clear of symptoms, including but not limited to people who have received last rites and were not expected to survive the night.

### **HOW TO DEAL WITH IT (Answers)**

First set up a dedicated radionics machine to broadcast to you and your family, including pets, 24 hours/day. This should not be turned off until the problem is resolved. Use the card given below. This can be an inexpensive broadcaster (no or few dials) of which there are several on the market.

It is suggested that you copy the card given in this report to crystal stone or sand and use that in your machine. If in a rush start with the witness of the card. Best of all, is to make your own card from the rates given. In that way, you know that no 3<sup>rd</sup> party replaced the witness.

Clean all your food by including photos of your refrigerator and freezer in your witness stack on your radionics machine. You can also include all your water taps such as kitchen sink, bath, shower, and water meter. This will clear all the food in the refrigerator and freezer and your in-home water pipes of vax components. You can add healing rates which will potentize the food.

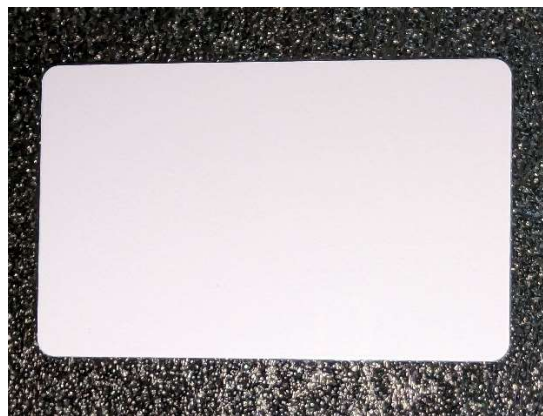

Consider adding places you spend significant time in the witness stack. Think home, car, office, bed, favorite easy chair, etc.

Potentize water and keep it handy. Not only will this water be clean, but it will help you stay clean as a booster, and you can share it. Never drink distilled water but boiled water is acceptable.

### **Witness of Stored Rates**

The following photograph is a witness of a plastic card (media) with all the rates provided by The Shadow and more. We suggest that you print it out, cut it out and either use it directly in the witness well or make a master copy on your own media.

This card contains Rife rates for heart valve and branch blockage, remove mind chatter, deprogramming, all Shadow rates for covid and covid vax, hemorrhagic fever and small pox. It is the most complete protection known to us at this time.

### **Florida and Texas - Malaria**

Malaria is being reported in both Florida and Texas for the first time in decades. Reminder that Quinine (cinchona alkaloid) is a very old treatment to kill malaria caused by the mosquito carried parasite, Plasmodium Falciparum. The quinine water sold in most supermarkets is not quinine water. This was traditionally used in mixed drinks but has fallen out of favor. Actual quinine water has quinine listed as an ingredient and is bitter tasting. This water was used as a preventative and

treatment during epidemics in the distant past. Preventing mosquitoes by eliminating stagnant water such as collects in old tires outside, has been proven useful in many countries. Research side effects of Quinine prior to use.

**Florida, Texas, Louisiana, Mississippi, Alabama, (Southeastern USA) - Leprosy**

There have been reports of Leprosy (Hansen's Disease) in Texas, Florida, and places where armadillos live. Armadillos are a carrier of *M. leprae* which causes the disease. While now rare in humans, (150 to 250 cases per year) to avoid the disease do not eat undercooked, touch, or keep armadillos as pets. Avoid armadillo liver ceviche and fresh droppings. Only a lab test can determine if an armadillo is infected. Leprosy is curable especially in the early stages using antibiotics.
